

Wokingham Borough Liberal Democrats: Our Local Manifesto 2017/18

Congestion and roadworks

The problems

Too much preventable congestion due to:

- Poor co-ordination of roadworks
- Road network not keeping pace with development
- Insufficient parking

Our solutions

- Better communication with the public around scheduled works
- Better co-ordination to ensure minimum disruption
- Build the roads and infrastructure before the houses
- Ensure parking enforcement targets appropriate areas
- Review parking charges across the Borough
